

EX PARTE OR LATE FILED

04-435

ORIGINAL

April, 26, 2005

Mr. Kevin Martin
Federal Communications Commission
445 12th Street SW
Washington, DC 20554

Dear Mr. Martin:

I urge you and the commission to oppose any use of cell phones on airplanes that are not permitted now for the following reasons:

1. A passengers right to use a cell phone and the noise ends at the edge of my seat.
2. Cell phones may increase passenger unruliness and interfere with flight attendants' ability to maintain order.
3. Distract passengers from hearing instructions during an emergency.
4. Make planes uncomfortable and be disruptive to passengers trying to read or sleep.
5. Interefere with airplane navigational equipment.

Sincerely,

Allen and Charmaine Williams
